Important information about your Annual Credit Card Payment Agreement

You have elected to pay using the annual credit card payment option. In doing so, you are authorizing us to store your credit card information on file and for the insurance company underwriting your policy to charge the insurance premium (including applicable taxes) for this policy to your credit card account, on an annual basis. Following your first annual payment, subsequent annual payments for subsequent policy terms will automatically be charged to your credit card.

- **You agree that there will be no pre-notification period for any changes to the amount or date of your payments.** Note: Changes to your insurance coverage may result in changes to the annual premium charged to the associated credit card and/or the date upon which that credit card is charged.
- **You also agree that this authorization will remain in effect until you cancel it.** You may cancel this Agreement by advising us in writing, over the phone or through MyInsurance and by giving us at least fifteen (15) days' notice before the next scheduled annual payment.

You may modify your credit card information related to this annual payment at least fifteen (15) days before the next scheduled payment, by advising us in writing, over the phone or through MyInsurance. In such cases, the terms of the present Agreement will continue to apply until the end of the policy term and to subsequent renewals, but to the credit card replacing the original credit card.

Please verify the credit card information you entered and contact us promptly if any changes are required due to its loss, theft, cancellation, expiry or other reason. The digits of your credit card have been concealed to protect your personal information.
